On a dark street marked "Hollywood"
  Down a dirty, refuse-laden alley
    'Neath the glow of a smog-downed moon

Limping to the door
  To knock three times in code
    Bump-ba Bump

Snake-eyes open through a throat-cut slit
  Query
    "What's the password?"

"Take no prisoners."
  Chuckle. Chuckle.
    Door unlocks.

"Come on in and join the party.
  We've been waiting for you."
    Fade to black.
